Hazardous Materials: Eyewash/Shower Inspection Form

Department: Industrial Hygiene and Information Management
Program: Hazardous Materials
Owner: Program Manager
Authority: ES&H Manual, Chapter 40, Hazardous Materials[1]

Emergency eyewash and safety showers are required in areas where personnel can come into contact with hazardous materials that could harm eyes or skin. All eyewash and shower stations must be inspected weekly (see Hazardous Materials: Eyewash/Shower Inspection Procedure).[2] Log inspections by marking the inspector's name and inspection date on a tag (see below) attached to the equipment.[3]

Emergency Eyewash/Shower Inspection Record

If this device passes, indicate the date and the initials of the inspector. If the device fails, remove it from service/red tag it and notify ES&H.
