Hearing Conservation: Designated Noise Area List

Department: Chemical and General Safety
Program: Hearing Conservation
Owner: Program Manager, John Shepardson
Authority: ES&H Manual, Chapter 18, Hearing Conservation

The following areas have been identified by the hearing conservation program as designated noise areas:

1. Building 023 – Boiler Room
2. Building 035 – CEF Carpentry Shop
4. Building 127 – Helium Compressor Building
5. Building 1703 – PEP Pump Pit
6. Building 1801 – Pump Pad

Special requirements apply to these areas. See Chapter 18, “Hearing Conservation”, for more information.¹
