

Respiratory Protection: Designated Respirator Use Area List

Department: Chemical and General Safety

Program: Respiratory Protection

Owner: Program Manager, John Shepardson

Authority: ES&H Manual, Chapter 29, Respiratory Protection

The following areas have been identified by the respiratory protection program as *designated respirator use areas*:

1. Building 26 Welding Shop
2. CEF Paint Shop
3. Operational Health Physics

Special requirements apply to these areas. See Chapter 29, “Respiratory Protection”, for more information.¹
