

Controlled Areas and Radiologically Controlled Areas (RCAs)

March 2022

| RCAs (GERT & dosimeter required for entry) | |
|--------------------------------------------------|----------------------------|
| All Active Accelerator Housings | — |
| Arrillaga Science Center (ASC) | 57 (room 1034 Det Cal Lab) |
| Beam Dump East | — |
| Beam Switchyard (BSY) | 9 |
| Building 31 | 31 (RAM storage) |
| Building 26 | 26 (RAM storage) |
| ES&H Building, Electronics (portions) | 24 (RCF/rm 167/rm 142) |
| End Station A (includes fenced RAM storage area) | 61 |
| End Station B | 62 |
| Heavy Fabrication Building | 26 (RAM storage) |
| Klystron Gallery | Sector 0-30 |
| Klystron Test Laboratory (high bay) | 44 |
| LCLS BTH | 910 |
| LCLS BTH Undulator Hall | 920 |
| LCLS Electron Dump Room | 930 |
| LCLS FEE | 940 |
| LCLS Injector, Sector 20 | 001D |
| LCLS Support Building | 911, 912, 913, 921 |
| NLCTA | 62 |
| North Damping Ring | 11 |
| Radioactive Material Storage Yard (RAMSY) | 480 |
| Radioactive Waste Storage Facility | 478 |
| Power Supply | 136 |
| PPA Offices | 84 (room B196, B288) |
| South Damping Ring | 10 |
| SSRL Booster Ring, Linac | 141 |
| SSRL Injector | 140 |
| SSRL SPEAR Ring | 100 |

| Controlled Areas (GERT required for entry, dosimeter not required) | |
|--------------------------------------------------------------------|---------------------------|
| Beam Dump East Storage Yard | — |
| Cryogenics Laboratory (portions) | 6 (Room 111) |
| ES&H Building, Electronics (portions) | 24 (room 177-179,183,185) |
| Heavy Fabrication Building | 26 (except RAM storage) |
| LCLS Far Experimental Hall | 999 |
| LCLS Near Experimental Hall | 950 Sub-basement |
| LCLS X-ray Transport Tunnel | 960 |
| Light Fabrication Building | 25 |
| Light Fabrication Storage | 30 |
| North Adit | — |
| North Arc | 748 |
| Operations Building | 28 (room 140) |
| PEP Building 1B (portions) | 730 |
| PEP IR Hall IR-6 | 660 |
| PEP IR Hall IR-12 | 720 |
| PEP Ring | 600 |
| Pulse Offices | 40A (room 117) |
| South Adit | — |
| South Arc | 749 |
| SSRL Experimental Floor & Duty Operations Station | 130,131,132 |
| Vacuum Assembly Building (except RAM storage) | 31 |

NOTE: Some areas contain temporary, local Controlled Areas or RCAs. Check Local Areas for Specific Controlled Areas and RCA Boundaries. Tours entering controlled areas (e.g LCLS and SSRL experimental floors) must have a tour badge and be escorted by a GERT-trained SLAC employee. Tours entering Radiologically Controlled Areas (RCAs) will also be issued a tour dosimeter.
